

Alliance Pipeline Appoints Terrance Kutryk as President and CEO

Calgary, Alberta – August 16, 2012 – Alliance Pipeline Ltd. today announced that Terrance Kutryk will join the company as its new President and Chief Executive Officer on October 1, 2012, succeeding Murray Birch, who retired in July.

“We are very happy to welcome Terrance to Alliance as President and CEO,” said Alliance Pipeline Board Chair, Stephen White. “He brings to the job a wealth of industry experience and business acumen, coupled with an impressive suite of professional and leadership credentials. Terrance’s considerable experience with the producer side of the business, and skills that complement Alliance’s strong proven operational capabilities, give him key perspectives as Alliance moves to reform its tariff offering and provide enhanced services to take advantage of rich gas supply growth in western Canada and the Bakken region of North Dakota.”

“I am pleased to join the strong Alliance management team, and I am especially excited by Alliance’s business opportunities,” said Mr. Kutryk. “Alliance is strategically well positioned and I very much look forward to getting started and helping the company realize its unique potential.”

Mr. Kutryk most recently served as Senior Vice President, Midstream and Refined Products with Husky Oil Operations Limited where he was responsible for Husky’s global commodity marketing, logistics and trading, storage, refining and upgrading business, pipelines, cogeneration, retail and wholesale operations, asphalt marketing, product supply and distribution, and new ventures. Mr. Kutryk is Chairman of the Board for Sultran Ltd. and Pacific Coast Terminals Company Ltd. He holds Masters of Business Administration and Bachelor of Commerce degrees from the University of Calgary, and a certificate in Petroleum Land Management (CPLM) from Mount Royal University. He is a Chartered Financial Analyst and holds designations from the Investment Dealers Association of Canada.

About the Alliance Pipeline system:

The Alliance Pipeline system consists of an approximately 2,311-mile integrated Canadian and U.S. high-pressure natural gas transmission pipeline system, delivering rich natural gas from the Western Canadian Sedimentary Basin and the Williston Basin to the Chicago market hub. The United States portion of the system is owned and operated by Alliance Pipeline L.P. and consists

of approximately 900 miles of mainline and related infrastructure. The system has been in commercial service since December 2000 and delivers, on average, about 1.6 billion standard cubic feet (or 45.3 million standard cubic metres) of natural gas per day. More information about the company is available at www.alliancepipeline.com.

Alliance Pipeline Limited Partnership ("Alliance Canada") owns the Canadian portion of the Alliance Pipeline system. Alliance Canada is owned 50 percent each by affiliates of Enbridge Income Fund Holdings Inc. (TSX:ENF) and Veresen Inc. (TSX:VSN).

Alliance Pipeline L.P. ("Alliance U.S.A.") owns the U.S. portion of the Alliance Pipeline system. Alliance U.S.A. is owned 50 percent each by affiliates of Enbridge Inc. (TSX:ENB) (NYSE:ENB) and Veresen Inc. (TSX:VSN).
